

# PPE Stewardship Guidelines

Applies to ALL Isolation Precautions unless noted

	PPE	Reuse and Extended Use Guidelines		
CONTACT PPE	Gloves			
	Gown			 Excludes Enteric Precautions
RESPIRATORY PPE	Surgical Mask			
	N95			
	PAPR/ CAPR			
EYE PROTECTION	Goggles or Face Shield			

= Do NOT Re-use or Extend Use

= Reuse in Conjunction with Eye Protection

Reuse in conjunction with Eye Protection (Goggles or Face Shield) in Droplet Isolation.

Reuse in conjunction with Face Shield when used in an Aerosol Generating Procedure (AGP).

= Reuse Allowed

Reuse refers to doffing PPE and storing in a clean dry place (after cleaning, if applicable).

Reuse is acceptable when used in an Aerosol Generating Procedure (AGP).

Reuse is acceptable across multiple shifts if the PPE does not meet the discard criteria.

= Extended Use Allowed

Extended use refers to wearing PPE continuously without doffing between multiple patient interactions with respiratory/droplet or airborne isolation.

Extended use applies to ED, 15L, RSC, ACU, and Universal Masking in all clinical areas.

= Clean After Reuse

DISCARD PPE WHEN VISIBLY SOILED, CONTAMINATED, DAMAGED, OR IF IT NO LONGER FITS

Refer to most current reuse and extended use guidance, as well as Aerosol Generating Procedure Guidance:
