

**AMENDED ORDER OF THE YOLO COUNTY PUBLIC HEALTH OFFICER
DIRECTING INDIVIDUALS TO SHELTER IN PLACE OF RESIDENCE AND
RESTRICTING NON-ESSENTIAL ACTIVITIES IN RESPONSE TO COVID-19
OUTBREAK, WITH EXCEPTIONS AND EXEMPTIONS, AS SPECIFIED**

DATE OF ORDER: APRIL 30, 2020

Please read this Order carefully. Violation of, or failure to comply with, this Order is a misdemeanor punishable by fine, imprisonment, or both. (California Health and Safety Code § 120295, *et seq.*; California Penal Code § 69, 148(a)(1))

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, 120175, AND 120220, THE HEALTH OFFICER OF THE COUNTY OF YOLO (“HEALTH OFFICER”) ORDERS:

Effective immediately and continuing through May 31, 2020 at 11:59 p.m., pending further Order of the Health Officer, the following will be in effect within the County of Yolo (“County”):

1. This Order amends and supersedes the local Shelter in Place Order issued on March 18, 2020 and later extended by subsequent Order of the Health Officer through May 1, 2020. This Order includes provisions allowing specified outdoor recreation activities that were included in an April 24, 2020 Order on that subject, and it also includes other changes—mostly minor—to allowed activities. For clarity, all substantive changes to the March 18 Order that affect the rights and obligations of individuals and businesses are indicated **in red text**. This Order does not modify or supersede any prior order of the Health Officer except as expressly stated herein.

Importantly, in connection with COVID-19, the State Public Health Officer adopted a comprehensive statewide Shelter in Place Order on March 19, 2020, and Governor Newsom subsequently incorporated that order into Executive Order N-33-20 (together, the “State Orders”). The State Orders effectively prevent the County—including the Yolo County Health Officer and the Board of Supervisors—from allowing local businesses and residents to engage in any activity that would be prohibited under the State Orders. Accordingly, this Order is carefully drafted to express the Health Officer’s understanding of what the State Orders allow. Aside from requiring certain Social Distancing Requirements and similar measures regarding how specific activities are carried out, **this Order does not impose any restrictions on local businesses or residents beyond what is necessary to achieve consistency with the State Orders.**

Consistent with the State Orders, the intent of this Order is to ensure that the maximum number of people shelter in place at home to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements¹ as defined in Section 10 below.

¹ Capitalized terms are defined in Paragraph 10.

All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat to public health.

2. All individuals currently living within the County of Yolo, including its incorporated cities and the entire unincorporated area (the “County”),² are ordered to shelter at their place of residence. To the extent individuals who are not part of a single household are using shared residential spaces (e.g., common patios, laundry rooms, lobbies), they must at all times as reasonably possible maintain social distancing of at least six feet from any other person. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Section 10. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to utilize Social Distancing Requirements in their operation).

3. All businesses with a facility in the County, except Essential Businesses as defined below in Section 10, are required to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 10. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 10 below, including, but not limited to, when any customers are standing in line, **and shall complete in good faith and at all times adhere to the business-specific measures set forth in a completed Social Distancing Protocol worksheet provided by the County (see Attachment A hereto). Effective May 4, 2020, a copy of the completed worksheet shall be posted at the entry (or similar prominent location) of each business.**

4. **All public and private gatherings of any number of people not part of a single household or living unit are generally prohibited by the State Orders. That prohibition is incorporated into this Order by reference, and gatherings are prohibited except for the limited purposes expressly permitted in this Order (e.g., to engage in essential activities).** There are no restrictions on the gathering of members of a household or living unit.

5. Travel within and outside of the County is permissible if necessary to perform Essential Activities, operate Essential Businesses, maintain Essential Governmental Functions, **or to engage in other lawful activities not precluded by the State Orders or by any order issued by a local health officer with authority over the destination city or county.** People must use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions. People riding on public transit must comply with Social Distancing Requirements as defined in Section 10 below, to the greatest extent feasible.

6. This Order is issued based on evidence of the continued spread of COVID-19 within the County, scientific evidence, and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the

² As used herein, “County” shall include all areas within Yolo County, including the cities of Davis, West Sacramento, Winters, and Woodland, and any unincorporated area or town.

age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the County.

7. This Order also is extended as of the date of its issuance in light of the existence of 162 confirmed cases of COVID-19 in the County and 16 deaths, as well as significant numbers of confirmed cases and deaths in surrounding counties as of the date of issuance of this Order. There is also community transmission in the county and this Order is necessary to reduce the potential for an increase in the number of confirmed cases. Widespread testing for COVID-19 is not yet available but is increasing gradually over time. This Order is necessary to slow the rate of spread and the Health Officer will re-evaluate it as further data becomes available.

8. This Order is issued in accordance with, and incorporates by reference, the following:

- a. The Proclamation of a State of Emergency issued by Governor Gavin Newsom on March 4, 2020.
- b. The Declaration of Local Health Emergency Regarding Novel Corona Virus (Covid-19) issued by the Health Officer of Yolo County on March 6, 2020.

- h. An April 24, 2020 Order of the County Health Officer relating to specified outdoor recreation activities.
- i. An April 24, 2020 Order of the County Health Officer relating to Face Coverings, as defined therein.

9. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention (“CDC”), the California Department of Public Health, and other public health officials throughout the United States and around the world, including

a variety of prior orders to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders, related to COVID-19.

10. Definitions and Exemptions.

For purposes of this Order, individuals may leave their residence only to perform any of the following “**Essential Activities.**” People at high risk of severe illness from COVID-19 and people who are sick are strongly urged to stay in their residence and to limit their activity to seeking medical care, if at all possible.
