Re: Solidarity With Teamsters Local 2010 Workers at California State University

Dear Chancellor Garcia,

I am writing to express my full support for the skilled trades workers at CSU, represented by Teamsters Local 2010, who are currently prepared to go on strike in protest of CSU's numerous unfair labor practices including its illegal refusal to pay their contractual July 2025 raises and salary step increases. In 2025, despite financial challenges, the state of California committed to fully fund CSU and provided a zero-interest loan meant to pay these contractual increases. Instead, CSU withheld promised increases and provided no cost-of-living or step raises to faculty or staff in 2025.

I've heard from union members who are standing up to fight for their promised raises and the fair treatment they deserve. Fair treatment and compensation include the promised raises and salary steps along with working conditions and staffing levels necessary to ensure the dignity of these workers and the sustainability of this organization. The demands to pay Teamster members contractual July 2025 raises and salary steps are not just reasonable, they are necessary for the health of our CSU system.

I urge you to return to the bargaining table and resolve this matter in a way that respects the essential work done by these employees and provides them the raises they are owed. I stand in solidarity with them until a fair agreement is reached. Should you have any questions please feel free to contact my staff at Grayson.Doucette@asm.ca.gov or call at 916-319-2040.

Sincerely,
